

Trapp Technology Donates Game Day Tickets to Children and Families of Camp Soaring Eagle

Arizona IT solutions company provides sports entertainment for the seriously ill with tickets to Phoenix Mercury (WNBA) and Arizona Rattlers (AFL) events

Scottsdale, Arizona—July 16, 2015—Scottsdale-based Trapp Technology, a provider of IT, Internet, and cloud hosting solutions, recently donated 28 local sporting event tickets to the campers at Camp Soaring Eagle—a non-profit organization that provides year-round, medically supervised camping programs for children and family members across Arizona with chronic or life threatening illnesses at no cost to them. Held at the US Airways Center in downtown Phoenix, the luxury suite seats at both the Phoenix Mercury and Arizona Rattlers events were fully occupied by the happy campers over the July 10th weekend.

In the state of Arizona alone, 241,067 children are living with special healthcare needs. Since 2008, Camp Soaring Eagle has supported over 5,000 young patients and those affected with a broad range of illnesses including: blood disorders, cancer, Down Syndrome, Inflammatory Bowel Disease, Metabolic Syndrome, Mitochondrial Disease, neuromuscular impairments, respiratory diseases, and type 1 diabetes.

“When a child is diagnosed with a life threatening illness, it affects the entire family. Unique opportunities like local sporting events allow them to take a break from the grinding schedule of tests, treatments and hospital stays, and simply focus on being a family,” said Tiffany Bennett, Marketing and Communications Manager at Camp Soaring Eagle. “On behalf of the 1,700 campers we will service this year, Camp Soaring Eagle would like to thank Trapp Technology for partnering with us in providing some much needed reprieve for our camper families.”

“We are privileged with the ability to give back to the community in which we operate,” said Nicole Wheeler, Event Coordinator at Trapp Technology. “Camp Soaring Eagle’s mission to welcome healing through laughter and play is something Trapp Technology admires and are proud to support. We hope our donation restores resiliency to the children and families in their time of need.”

The donation to Camp Soaring Eagle was one of Trapp Technology’s most recent charitable efforts in the greater-Phoenix area. Committed to the community and its involvements, Trapp Technology has partnered with the Suns Charities, the CRC Foundation, Patrick Peterson Foundation, Arizona Hemophilia Foundation and others in the past to help facilitate events that directly benefit Arizona communities in need.

About Camp Soaring Eagle

Camp Soaring Eagle is a nonprofit organization dedicated to providing the healing power of laughter to thousands of seriously ill children by giving them the opportunity to attend medically supervised camps at no cost to the families. The camps include programs specialized for asthma, diabetes, oncology as well as a camp for children and families of military veterans. Since its inception in 2008, Camp Soaring Eagle has provided support to more than 5,000 seriously ill children and their family members through a variety of FREE camping programs, including illness specific camping weekends and family retreats. Camp Soaring Eagle aims to restore resilience, independence and joy to seriously ill kids and their families.
