

Virtual Fax Solution

DOTFAX is a modern, cost-effective virtual fax service that allows businesses to send and receive faxes directly to or from a computer, smartphone, or traditional fax device. Designed for companies of any size, industry, and budget, no service need or fax volume is out of reach.

DOTFAX OVERVIEW

With DOTFAX, fax exchanges and management is a breeze. Directly from the web portal, users can send faxes, manage users, check billing, review fax history, and much more to keep business charging forward.

- Send, receive, and view faxes on any computer, tablet, or smartphone
- Search and review faxes and fax history
- Customize cover pages and letterheads
- View address book and contact information
- Schedule faxes

SECURITY AND COMPLIANCE

DOTFAX complies with the most stringent of policy and compliance standards, and houses your information in secure, redundant SSAE 16 Type II data centers with full 256-bit encryption to safeguard your sensitive materials.

DOTFAX is fully compliant for:

- HIPAA
- ISO 27001
- PCI
- FERPA
- SOX

Send, receive, and view faxes on any computer, tablet, or smartphone
